Hello.

Dear Business Owner,

My name is Patricia Long, and I am the supervising coordinator of the CreativeWorks Digital Media Team.

We'd love the opportunity to help your business achieve its goals by fully utilizing digital media and your online presence.

Apart from brimming passion and strong work ethic, we offer more than a decade of combined experience and proven expertise in the field, providing videography and photography services with a professional approach to time, costs, and deadlines.

At the start of my career as a Digital Media specialist, I earned my Master's of Fine Arts in Film and Electronic Media from American University, where I learned both the technical and immeasurable elements of creating impactful stories through film. I've since collaborated with amazing clients like Howard University and Urban One.

Now I have the opportunity to impart my skills and expertise to my team of passionate, young media specialist. Through continued training and experience, my team is proficient in video editing and design software applications, enabling us to turn virtually any verbal concept into a visual representation.

Please check out our site and follow us on our social media platforms. I can be reached by phone at +301-699-1819 or email at patricia@joesmovement.org. Thank you for your time and consideration; I hope we will work together soon.

Best regards,

Patricia Long

About the Team

we are the community

The CW Digital Media Team primarily consists of alumni of the CreativeWorks Workforce Development Program, a community and grant-funded program of Joe's Movement Emporium.

Graduates of this program have completed a twenty-two week training curriculum that includes specialized skills training and life skills classes. Our team is made up of young professionals from our community.
